Muslims in Spain, 1492-1814 Eloy Martín Corrales
2020-12 "In Muslims in Spain, 1492-1814: Living and Negotiating in the Land of the Infidel, Eloy Martín-Corrales surveys Hispano-Muslim relations from the late fifteenth to the eighteenth centuries, a period of chronic hostilities.

Nonetheless there were thousands of Muslims in Spain during this time: ambassadors, exiles, merchants, converts, and travelers. Their negotiating strategies and the necessary support they found on both shores of the Mediterranean prove that relations between Spaniards and Muslims were based on reasons of state and a pragmatism that generated intense ties, both political and economic. These increased enormously after the peace treaties that Spain signed with Muslim countries between 1767 and 1791"--

Así lo veo: Gente, Perspectivas, Comunicación
Michael Leeser 2010-01-08 Increase students' ability to comprehend spoken Spanish; express their ideas & opinions; and analyze cultural perspectives while challenging fixed beliefs and cultural stereotypes. These outcomes motivated the respected author team of *Así lo veo*, the first Intermediate Spanish program to use a documentary, filmed specifically for the program, as the basis for instruction and learning. Since a documentary captures real situations and personal perspectives it is the perfect vehicle for increasing student engagement. With *Así lo veo*, the documentary motivates the presentation of content—vocabulary, grammar, and culture—and by extension, the learning. Specifically, *Así lo veo* documents how six Spanish speakers view timely, provocative themes. Because these are everyday people, not actors, they bring unscripted, real language as well as fresh ideas to the context of learning Spanish.

This volume is an ideal introductory text for undergraduate and graduate students in SLA and language teaching. This text is designed to provide a consistent and coherent presentation for those new to the field who seek basic understanding of theories that underlie contemporary SLA research.

Input Processing and Grammar Instruction

in Second Language Acquisition Bill

VanPatten 1996 This book provides an

alternative to the grammar debate in second language acquisition theory and teaching.

Accepting that language acquisition is at least partially input dependent, the author asks how grammatical form is processed in the input by second language learners and is it possible to assist this in ways that help the learner to create richer grammatical intake. He answers these questions and explains why traditional paradigms are not psycholinguistically motivated. Drawing on research from both first and second language acquisition, he outlines a model for input processing in second language acquisition that helps to account for how learners construct grammatical systems. He then uses this model to motivate processing instruction, a type of grammar instruction in which learners are engaged in making form-meaning connections during particular input activities.

Rediscovering the Holy Spirit Michael Horton
2017-04-25 For the Spirit, being somewhat forgotten is an occupational hazard. The Holy Spirit is so actively involved in our lives that we can take his presence for granted. As they say, familiarity breeds contempt. Just as we take breathing for granted, we can take the Holy Spirit for granted simply because we constantly depend on him. Like the cane that soon feels like an extension of the blind man's own body, we too easily begin to think of the Holy Spirit as an extension of ourselves. Yet the Spirit is at the center of the action in the divine drama from Genesis 1:2 all the way to Revelation 22:17. The

Spirit's work is as essential as the Father's and the Son's, yet the Spirit's work is always directed to the person and work of Christ. In fact, the efficacy of the Holy Spirit's mission is measured by the extent to which we are focused on Christ. The Holy Spirit is the person of the Trinity who brings the work of the Father, in the Son, to completion. In everything that the Triune God performs, this perfecting work is characteristic of the Spirit. In *Rediscovering the Holy Spirit*, author, pastor, and theologian Mike Horton introduces readers to the neglected person of the Holy Spirit, showing that the work of God's Spirit is far more ordinary and common than we realize. Horton argues that we need to take a step back every now and again to focus on the Spirit himself—his person and work—in order to recognize him as someone other than Jesus or ourselves, much less something in creation. Through this contemplation we can gain a fresh dependence on the Holy Spirit in every area of our lives.

Londinium is a smoky, dark, and dangerous place, home to mischievous metal fairies and fearsome clockwork dragons that breathe scalding steam. Over it all rules the Lady, and the Lady has demanded a new son—a perfect flesh-and-blood child. She has chosen Jack. His only hope of escape lies with a legendary clockwork bird. The Gearwing grants wishes—or it did, before it was broken—before it was killed. But some things don't stay dead forever.
