Holbein Mauro Zanchi 2014-05-08 Un dossier dedicato ad Hans

Holbein il Giovane (Augusta, Baviera, 1497 - Londra 1543). In
sommario: Realismo analitico fra natura e idea; Figure dell'animo.
Opere dal 1516 al 1533; Inversione del tempo. L'enigma dipinto;
Esattezza dello sguardo. Ritratti dell'ultimo periodo (1533-1543).
Tintoretto in Venice. A Guide. Ediz. a Colori Thomas Dalla Costa
2019-02-19 Unlike the other two master Renaissance painters
associated with Venice, Titian and Veronese, Tintoretto (1519-94)
alone was born in Venice and he left his mark there more than
either artist. His paintings can still be found everywhere in the
city: not only in museums, but as part of the original decorative
cycles in public buildings such as the Scuola Grande di San
Rocco, the Doge's Palace and the Libreria Marciana, and serving
as altarpieces or chapel decorations in Venetian churches. Over
one hundred and twenty of Tintoretto's breathtaking paintings
spill out of the pages, divided into sections that correspond to the
Venetian Sestieri or districts. Each painting is accompanied by
entries written by an international team of art historians covering
major issues and placing them in their artistic and cultural
context.

Born Under Saturn Rudolf Wittkower 2006-11-28 A rare art
history classic that The New York Times calls a “delightful,
scholarly and gossipy romp through the character and conduct of

artists from antiquity to the French Revolution.” *Born Under
Saturn* is a classic work of scholarship written with a light and
winning touch. Margot and Rudolf Wittkower explore the history
of the familiar idea that artistic inspiration is a form of madness,
a madness directly expressed in artists’ unhappy and eccentric
lives. This idea of the alienated artist, the Wittkowers
demonstrate, comes into its own in the Renaissance, as part of
the new bid by visual artists to distinguish themselves from
craftsmen, with whom they were then lumped together. Where
the skilled artisan had worked under the sign of light-fingered
Mercury, the ambitious artist identified himself with the
mysterious and brooding Saturn. Alienation, in effect, was a rung
by which artists sought to climb the social ladder. As to the
reputed madness of artists—well, some have been as mad as
hatters, some as tough-minded as the shrewdest businessmen,
and many others wildly and willfully eccentric but hardly crazy.
What is certain is that no book presents such a splendid
compendium of information about artists’ lives, from the early
Renaissance to the beginning of the Romantic era, as *Born Under
Saturn*. The Wittkowers have read everything and have countless
anecdotes to relate: about artists famous and infamous; about
suicide, celibacy, wantonness, weird hobbies, and whatnot. These
make *Born Under Saturn* a comprehensive, quirky, and endlessly
diverting resource for students of history and lovers of the arts.
“This book is fascinating to read because of the abundant
quotations which bring to life so many remarkable
individuals.”—The New York Review of Books

Reading Art: Art for Book Lovers David Trigg 2018-06-01 A celebration of artworks featuring books and readers from throughout history, for the delight of art lovers and bibliophiles. As every book tells a story, every book in art is part of an intriguing, engaging, and relatable image. Books are depicted as indicators of intellect in portraits, as symbols of piety in religious paintings, as subjects in still lifes, and as the raw material for contemporary installations. Reading Art spotlights artworks from museums and collections around the globe, creating a gorgeous, inspiring homage to both the written word and to its pivotal role in the visual world.

Lorenzo Lotto Peter Humfrey 1997-01-01 This study of the Venetian artist Lorenzo Lotto draws on the large body of work by the artist, as well as on the 16th-century documentation on the artist's life, including letters, an account book for the years 1538-56, and will.

A Book of Emblems Andrea Alciati 2004-07-01 Andrea Alciati's *Emblematum Liber* was an essential work for every writer, artist and scholar in post-medieval Europe. First published in 1531, this illustrated book was a collection of emblems, each consisting of a motto or proverb, a typically enigmatic illustration, and a short explanation. Most of the emblems had symbolic and moral applications. Scholars depended on Alciati's book to interpret contemporary art and literature, while writers and artists turned to it to invest their work with an understood didactic sense. This new edition of the *Emblematum Liber* includes the original Latin texts, highly readable English translations, and the illustrations belonging to each of the 212 emblems. The editor's introduction explains both the importance and the cultural contexts of Alciati's book, as well as its innumerable artistic applications. For instance, close study of the emblems reveals--to cite only two examples--why statues of lions are traditionally placed before government buildings, and what underlying political message was conveyed by innumerable equestrian portraits during the Baroque era. The collection includes as an appendix the formerly suppressed emblem, "Adversus Naturam Peccantes," accompanied by a translation of the learned commentary applied to it by Johann Thuius in 1612. An extensive bibliography points the student to scholarly research specifically dealing with artistic applications of Alciati's emblems. Altogether, this new edition of Alciati's seminal work is an essential tool for modern students of the liberal arts.
