"Dear Personal Finance Students and Professors, Everyone has a story about how the COVID-19 pandemic affected their life. Take a moment and think about how the events since the spring of 2020 changed your life.

For example, did you lose your job because of nonessential business closures? Did you worry about how to pay your rent, car payment, home mortgage, or credit card bills? Did you change your educational or career plans? All good questions that describe how a pandemic can impact

your health, education, and financial security. In reality, the pandemic was a wake-up call for many Americans that they needed money for unexpected events and a personal financial plan"--
