Writing and Difference Jacques Derrida 2021-01-27 First published in 1967, *Writing and Difference*, a collection of Jacques Derrida's essays written between 1959 and 1966, has become a landmark of contemporary French thought. In it we find Derrida at work on his systematic deconstruction of Western metaphysics. The book's first half, which includes the celebrated essay on Descartes and Foucault, shows the development of Derrida's method of deconstruction. In these essays, Derrida demonstrates the traditional nature of some purportedly nontraditional currents of modern thought—one of his main targets being the way in which "structuralism" unwittingly repeats metaphysical concepts in its use of linguistic models. The second half of the book contains some of Derrida's most compelling analyses of why and how metaphysical thinking must exclude writing from its conception of language, finally showing metaphysics to be constituted by this exclusion. These essays on Artaud, Freud, Bataille, Hegel, and Lévi-Strauss have served as introductions to Derrida's notions of writing and *différance*—the untranslatable formulation of a nonmetaphysical "concept" that does not exclude writing—for almost a generation of students of literature, philosophy, and psychoanalysis. *Writing and Difference* reveals the unacknowledged program that makes thought itself possible. In analyzing the contradictions inherent in this program, Derrida foes on to develop new ways of thinking, reading, and writing,—new ways based on the most complete and rigorous understanding of the old ways. Scholars and students from all disciplines will find *Writing and Difference* an excellent introduction to perhaps the most challenging of contemporary French thinkers—challenging because Derrida questions thought as we know it.

Of Grammatology Jacques Derrida 2013-10-17 Jacques Derrida's revolutionary theories about deconstruction, phenomenology, psychoanalysis, and structuralism, first voiced in the 1960s, forever changed the face of European and American criticism. The ideas in *De la grammatologie* sparked lively debates in intellectual circles that included students of literature, philosophy, and the humanities, inspiring these students to ask questions of their disciplines that had previously been considered improper. Thirty years later, the immense influence of Derrida's work is still igniting controversy, thanks in part to Gayatri Spivak's translation, which captures the richness and complexity of the original. This corrected edition adds a new index of the critics and philosophers cited in the text and makes one of contemporary criticism's most indispensable works even more accessible and usable.

Every Man Out of His Humour Ben Jonson 1920

Talk Is Cheap John Haiman 1998-03-26 Putting aside questions of truth and falsehood, the old "talk is cheap" maxim carries as much weight as ever. Indeed, perhaps more. For one need not be an expert in irony or sarcasm to realize that people don't necessarily mean what they say. Phrases such as "Yeah, right" and "I couldn't care less" are so much a part of the way we speak—and the way we live—that we are more likely to notice when they are absent (for example, Forrest Gump). From our everyday dialogues and conversations ("Thanks a lot!") to the screenplays of our popular films (*Pulp Fiction* and *Fargo*), what is said is frequently very different from what is meant. *Talk is Cheap* begins with this telling observation and proceeds to argue that such "unplain speaking" is fundamentally embedded in the way we now talk. Author John Haiman traces this sea-change in our use of language to the emergence of a postmodern "divided self" who is hyper-conscious that what he or she is saying has been said before; "cheap talk" thus allows us to distance ourselves from a social role with which we are uncomfortable. Haiman goes on to examine the full range of these pervasive distancing mechanisms, from clichés and quotation marks to camp and parody. Also, and importantly, this text highlights several new ways in which the English language is evolving (and has evolved) in response to our postmodern world view. In other words, this study shows us how what we are saying is gradually separating itself from how we say it. As provocative as it is timely, the book will be fascinating reading for students of linguistics, literature, communication, anthropology, philosophy, and popular culture.

Gumbo Ya Ya Aurielle Marie 2021-09-21 *Gumbo Ya Ya*, Aurielle Marie's stunning debut, is a cauldron of hearty poems exploring race, gender, desire, and violence in the lives of Black gxrls, soaring against the backdrop of a contemporary South. These poems are loud, risky, and unapologetically rooted in the glory of Black gxrllhood. The collection opens with a heartrending indictment of injustice. What follows is a striking reimagination of the world, one where no Black gxrl dies "by the barrel of the law" or "for loving another Black gxrl." Part familial archival, part map of Black resistance, *Gumbo Ya Ya* catalogs the wide gamut of Black life at its intersections, with punching cultural commentary and a poetic voice that holds tenderness and sharpness in tandem. It asks us to chew upon both the rich meat and the tough gristle, and in doing so we walk away more whole than we began and thoroughly satisfied.

Magical Realism in West African Fiction Brenda Cooper 2012-10-12 This study contextualizes magical realism within current debates and theories of postcoloniality and examines the fiction of three of its West African pioneers: Syl Cheney-Coker of Sierra Leone, Ben Okri of Nigeria and Kojo Laing of Ghana. Brenda Cooper explores the distinct elements of the genre in a West African context, and in relation to: * a range of global expressions of magical realism, from the work of Gabriel Garcia Marquez to that of Salman Rushdie * wider contemporary trends in African writing, with particular attention to how the realism of authors such as Chinua Achebe and Wole Soyinka has been connected with nationalist agendas. This is a fascinating and important work for all those working on African literature, magical realism, or postcoloniality.

East African Literature J. K. S. Makokha 2011 *East African Literature: Essays on Written and Oral Traditions* is a wide-ranging collection of essays by seasoned and younger literary critics based in universities across the eastern region of Africa. The contributors offer illuminating criticism on issues of gender, sexuality, historiography, stylistics and narratology in representative works by writers such as: Ngugi, Okot p'Bitek, Julius Ocwinyo, Gorette Kyomuhendo, Ebrahim Hussein, Ben Mtobwa, M. G. Vassanji, Elieshi Lema, Rebeka Njau, Kyallo Wadi Wamitila, Ken Walibora, Katini Mwachofi, Margaret Ogola, Jared Angira, Tsegaye Gebre-Medhin, Dagniachew Worku and Nuruddin Farah. Transcribed works by popular oral artists working in major vernacular languages across the region have also been examined. Several essays offer critical perspectives on stylistic trends and thematics in Kenyan, Tanzanian, Somali and Djiboutian drama. Read collectively, these critical essays expand the field of East African literary thought at the levels of criticism, texts and issues. Fresh analyses underpinned by a number of theoretical frameworks are conducted on scriptural and oral texts by established and emergent writers. The result is a panorama of East African literature from the turn of the century to the present moment. The book breaks new ground by expanding the conventional meaning of East Africa to include not only Kenya, Uganda and Tanzania but also Ethiopia, Somalia and Djibouti.

It presents the most comprehensive survey of the field of oral literature in Africa." —Emmanuel Obiechina "... a tour de force of scholarship in which Okpewho casts his net across the African continent, searching for its verbal forms through voluminous recent writings and presents African oral literature in a new voice, proclaiming the literariness of African folklore." —Dan Ben-Amos "This is an outstanding book by a scholar whose work has already influenced how African literature should be conceived.... Professor Okpewho is a scholar with a special talent to nurture scholarship in others. After this work, African literature will never be the same." —Mazisi Kunene Isidore Okpewho, for many years Professor of English at the University of Ibadan, is one of the handful of African scholars who has facilitated the growth of African oral literature to its status today as a literary enterprise concerned with the artistic foundations of human culture. This comprehensive critical work firmly establishes oral literature as a landmark of high artistic achievement and situates it within the broader framework of contemporary African culture.

As an example of the classic tradition of oral folk literature, the tale provides profound insights into the social structure, values, and cosmology of this African people.
